

Eilham Technopreneurs Development Programme

Objectives:

- To help you understand IT and multimedia and how they can work for you;
- To help you leverage on IT and multimedia to enhance your life and/or your business; and
- To help you build an unlimited income stream using IT and multimedia.

The 3 components to the Eilham Technopreneurs Development Programme

Learning and Growth	
At its core, the Eilham Technopreneurs Development Programme is a training and support programme where subscribers can learn about IT and multimedia from the business perspective.	<ul style="list-style-type: none"> ▪ Online forum ▪ E-Mails ▪ Mentor-Mentee ▪ Periodic seminars, workshops and courses (free and premium)
Business	
The Eilham Technopreneurs Development Programme provides an optional channel for you to practice what you learn to do real-time business and earn real money. The programme also provides professional business support tools to help you close business deals.	<p>You may have your own products to promote, but we prepare the following products that you may market:</p> <ul style="list-style-type: none"> ▪ Print design (basic) ▪ Web design and development (intermediate) ▪ E-Learning Solutions (advanced)
Eilham Technopreneurs Fund by Yayasan Bina Insan Malaysia	
<p>Through the Eilham Technopreneurs Fund by Yayasan Bina Insan Malaysia, you can test your business skills by meeting YBIM's requirements which reflect real-world business.</p> <p>Once you qualify, we will teach you more advanced business concepts and practices, and you will generate revenue by helping YBIM teach as many people as possible.</p>	<p>Your earnings will be calculated monthly, and will be banked into your registered bank account (as long as it is RM300 or more).</p> <p>On month 12, YBIM will total up your earnings from month 1 to month 11, and will award you a matching amount as your Eilham Technopreneurs Fund (which means, if you make RM250,000.00, you will be awarded an additional RM250,000.00 as your Eilham Technopreneurs Fund).</p>
